File No: HM-IN 3001 Product: Domex Fresh Guard Ocean Fresh Toilet Cleaner, Issue Date: July 14, 2021, Void After: July 13, 2022

IDENTIFICATION: Each of the certified "Domex Fresh Guard Ocean Fresh Toilet Cleaner" shall be permanently and legibly marked with the Hygiene Mark with manufacturer's name or trademark, code number identifying the product and the date of manufacture.

CHARACTERISTICS:

Domex Fresh Guard Ocean Fresh toilet cleaner contains surface modification technology named as "Fresh Guard". This Fresh Guard technology is capable of forming a protective barrier by making the ceramic surface hydrophobic upon application. This modified water-repellent surface not only repels water but also prevents the adhesion of soil between application and improves soil release properties, impacting an easy next clean. Domex Fresh Guard Ocean Fresh was tested against similar products available in market. Testing was done using a customized protocol in absence of standard methodology and in our expert opinion, is robust for evaluating the malodor benefit of the surface modification technology. Laboratory test results performed on representative samples of Vitrified Tiles, reveals that Domex Fresh Guard Ocean Fresh gives malodor protection upto 100 cycles, also significantly lower water retention was detected during the tests performed in comparison with similar competitive products available in the market.

Above mentioned products are independently tested at "TUV SUD South Asia, recognized by IAPMO India Pvt. Ltd. in compliance with ISO/IEC 17025. and found the product in compliance with above stated performance data.
